Section 1: Getting to know you

Tell us more about your self. *

My name is Lusizo Mngqakababa a bsc graduate at the university of Fort Hare i am very quite person at a distance but very talkative at the same time. I am curious person and i an analytic person by nature i analysed things too much but i set my time frame and i am good listener because i am always willing to learn from anyone.

What are your main strengths? *

Mu strength is that i am a hard worker and good communicator even in a group of people and well disciplined, and determined

What are your main weaknesses? *

My weakness is that i get stressed when i miss deadline because someone else dropped the ball ,i avoid to please everyone and i avoid being too critical towards me

What do you think are the characteristics that you possess that would make you the best candidate for the job? *

At first i am an analytic person person who really take a look at something for different views and since i am good communicator for even within group of people and i am curious individual who always want to know better and exploring and coming with ways to improve is what give me enthusiasm for anything am working towards. I am hard worker and i always draft my own time frames in order to avoid late submission and for these reason i believe am the best candidate

List 2 (two) things that you have learned about yourself in the last year. How did you learn this information? *

I learnt that even when things don't go my way i am able to motivate someone who is failing in long run that does good even to me

I take failure as set not end of what i want and i find this information useful for me because it makes clear view about things that i want to achieve in future

What annoys you about people or situation? What do you usually do about the situation? *

Not being able to raise my voice or getting involve if thats the case i find ways to get involve because i hate to be left outside of situation especially when i have views

Describe the situations or circumstances that bring out the best in you, your work and your behaviour? *

Working in different environment that i haven't worked into bring out the best in me i remember in field trip i had last of last year the language barrier was the problem but that didnt stop me from learning and also working in a organisation where the is lot of people with different views challenges me to be more strategic and more planning that give me strength

Provide information of a time when you did or said something that had a positive impact on a friend, family member, teacher or anyone else? *

I remember last year one of my friend needed to start company and he wasn't sure of what to do since i had business mind myself i told him to register company that will do everything inorder for to be able to explore ideas in any time needed be

Provide information of a time when you did or said something that had a negative impact on a friend, family member, teacher or anyone else? *

I advised someone not to do Bsc because of subject that i find it hard for me at that time in my second year level

What do you think about success? *

I think success is phase where people stuck into and some stops and its frightening part of life but its very important step of life where you have to take action,make decisions,learn from mistakes and keep moving

What would you like to accomplish in the next 3,6,12 months? *

At first want to get to know people can be working with and comfortable around them and know lot more about the industry that i will be working for and i always set to meet my goal that i have within my time frame system

What motivates you? *

Doing a good job and achieving the end results is my primary motivation. I am particularly motivated by the buzz of working in a team with sharing of ideas and working towards one goal
