**RE: TESTIMONIAL FOR**

SURNAME	NAME
Jafta	Sinethemba

I, the undersigned, testify as follows concerning the applicant:

Sinethemba was a student of mine in 2009. At that time he was registered under the Damelin umbrella studying towards his Damelin Certificate in Graphic Design. In 2012 our Graphic Design Department was moved over to ELMI College hence the ELMI Letter head.

**Academic potential of the applicant:** Sinethemba showed great promise in the programme. He had huge potential. Unfortunately he was poorly influenced and as a result did not complete his studies with us.

**Personality and leadership qualities:** What makes me so proud of this young gentleman is his ability to accept and take responsibility for his actions. He moved to the rural areas where he worked hard to right his wrongs. He took ownership for his choices. This is a rare quality to find in young people. Sinethemba has kept an ongoing relationship with the department and often comes in to share stories and ask for guidance. I am very proud of this young gentleman.

**Reasons for recommending the applicant:** I believe in giving all people a second chance and Sinethemba has shown over and over again that he is willing to work hard and make a difference in his community. He comes from a loving and committed family who have always stood by him and encouraged him to do his best.

I have absolutely no concerns recommending him for further employment and vouch for his ability to add value to any working environment.

Should there be any further queries, please do not hesitate to contact me.

Kind regards,

**Lisa Van Wyk** Registrar of Operations & Programme Co-ordinator | Faculty of Arts,
